Mohammed Tareq Al-Kazaq

Cloud, Infrastructure & Security Engineer

Address: Kuwait, Salmiya
Phone: +965 90927301
Email: mohalkazak96@gmail.com
LinkedIn: Mohammed Al-Kazaq
Date of birth: June 17, 1996
Nationality: Syrian

Cloud, Infrastructure & Security Engineer with over 5 years of experience at LEAN Services, a private cloud service provider in Kuwait. Started in the Services Management Center (SMC) and progressed to the Core Technology team, where I lead cloud, virtualization, networking, and security implementations.

Experienced in designing and delivering enterprise-grade private cloud solutions, managing security infrastructure, and leading pre-sales engagements. Strong relationships with major technology vendors and all ISPs in Kuwait, supporting solution design, escalation, and enterprise deployments.

EXPERIENCE

LEAN Services — Core Technology Team

May 2021 - PRESENT | Kuwait

Core Technology | Cloud & Security Engineer

- Design, implement, and manage private cloud infrastructure environments.
- Manage IaaS, BaaS, and DRaaS solutions.
- Administer VMware environments (vSphere, vSAN, NSX-V, NSX-T, Cloud Director).
- Manage and operate Cohesity backup platforms.
- Support and manage Nutanix infrastructure.
- Generate performance and capacity reports using VMware vRealize Suite.
- Monitor infrastructure using Zabbix and Lenovo XClarity.
- Reporting to the CTO.

Networking & Security

- Lead security architecture and implementation for LEAN Services' internal infrastructure.
- Design and deploy enterprise network and security solutions for customers.
- Configure and manage Firewalls (Palo Alto, FortiGate, Sophos).
- Implement SDN and micro-segmentation using VMware NSX.
- Deploy NSX Advanced Load Balancer (AVI).
- Implement SD-WAN solutions (VMware SD-WAN / Fortinet).
- Handle enterprise network design, including switching, routing, segmentation, and secure connectivity.

Vendor & ISP Management

- Act as technical focal point with vendors, including:
    - Lenovo
    - Palo Alto
    - Fortinet

Technical Skills

Cloud & Virtualization

- VMware vSphere
- VMware vSAN
- VMware Cloud Director
- VMware Cloud Director Availability (VCDA)
- VMware vRealize Suite
- Nutanix

Networking & Security

- NSX-T & NSX-V
- NSX Advanced Load Balancer (AVI)
- VMware SD-WAN (VeloCloud)
- Fortinet SD-WAN
- Palo Alto Firewalls
- FortiGate Firewalls
- Switching & Routing

Backup & DR

- Cohesity
- Disaster Recovery as a Service (DRaaS)
- Cristie BMR

Monitoring & Systems

- Zabbix
- Lenovo XClarity
- Windows Server
- Linux

LANGUAGES

English and Arabic

    - VMware
      Cohesity
    - Nutanix
- Coordinate directly with all ISPs in Kuwait for enterprise connectivity, MPLS, DIA, and cross-connect services.
- Handle escalations, RMA processes, solution validation, and technical alignment.
- Maintain strong working relationships with vendor technical teams and account managers.

Pre-Sales Engineering

- Work closely with the sales team to design technical solutions for enterprise clients.
- Analyze customer requirements and translate business needs into technical architectures.
- Prepare High-Level Designs (HLD) and Low-Level Designs (LLD).
- Conduct technical presentations and solution demonstrations.
- Participate in customer meetings to explain architecture, security design, DR strategies, and cloud migration approaches.
- Provide BoM (Bill of Materials) recommendations and technical sizing.
- Support RFP responses and technical proposal documentation.

LEAN Services – Services Management Center

October 2020 – April 2021 | Kuwait

- 24/7 monitoring of private cloud infrastructure.
- First-line troubleshooting for virtualization, networking, and security incidents.
- Incident management and escalation to Core Technology team. Infrastructure performance and availability monitoring.
- Direct customer communication during outages and incidents.

EDUCATION

Arab Open University, Kuwait — *Bachelor's degree, IT*

June 2015 - March 2020

CERTIFICATIONS & Trainings

- Nutanix Certified Professional - Multicloud Infrastructure 6
- CCNA Routing &Switching | May 2020- Aug 2023
- CCNP Enterprise Certified | Aug 2020-Aug 2023
- VCP-NV, VMware Certified Professional Network Virtualization
- Cohesity Platform Advanced Operator
- SD-WAN VMware SD-WAN: Deploy and Manage [V4.x] - On Demand
- NSX Advanced load balancer: Deploy and Manage [V21] - On Demand

NUTANIX

is proud to award

Mohammed Alkazaq

the title of

NUTANIX CERTIFIED Professional Multicloud Infrastructure 6

Nutanix Certified Professional - Multicloud Infrastructure 6

in recognition of successful completion of all certification requirements

Issued on: Mar 02 2025

Rajiv Ramaswami, CEO

vmware LEARNING

VMware is proud to award the title of

VMware Certified Professional

Network Virtualization 2022

to

Mohamad Tarek Alkazak

In recognition of successful completion of all certification requirements.

Raghu Raghuram
Chief Executive Officer

Certification Date: Wednesday, April 20, 2022

Candidate ID: VMW-03035506D-02979560
